

MHSIBCA Executive Board Meeting
March 29, 2009
First Vice President Report

It's been another great year in high school bowling. In the Flint area alone we increased a few teams for our varsity, and increase 6 teams in our JV program. Our middle school program is getting a slow start, but hopefully we will have things going by the middle of April.

Working at the MHSAA Division Two site this year, I listened to many comments from members that our coach association needs to work on. We really need to provide more at our Annual General Meeting. I've spoken with Tracy and some proprietors about offering coaching clinics that I feel our coaches need. In some way we need to be more productive in giving back to our coaches, but at the same time, coaches need to be willing to receive what we offer.

This may be my last report written as vice president this year. For some who don't know, Harry has asked me to step up into the president's position after July. I have agreed to that. I would like to thank Harry for one last year, as I wasn't prepared to fill that spot last year at the AGM.

Thanks
Debbie Alexander
First Vice President
