## **2011-2012 Season Beginning – Send in League Sheets or Standings Sheets**

Now that the high school season has officially began for several areas we are asking that you send in a link to your league standings sheet or send in the actual sheet for listing on the MHSIBCA website. Please have a conference point person send in the information, it will make it much easier for the Ranking committee to rank teams from across the state if they have an up to date standings sheet. If you go to the conference link on the website and click on standings you will see a listing of all of the conferences and which ones have started or sent in league sheets already. If your conference is not listed or has not been updated, please send us a note and let us know.
